

Dear Read Well 2 Authors,

I am 7 years old. I like to do Jujitsu.

And my favorite story was Stone Soup.

Because it talked about food. And there was a

learning to this story. It is to always share. The next

story I would like to read, next is about Ms.

Watanabe. She is one of the best story

writers I know. P.S Ms. Watanabe is it true

you are friends with Ms. Terakoya? I'd love to

hear all about you. And what your life is like.

LOVE, 
Shavana
